

Hi Arjun, this is Mark from **YourTechPartner**.

Quick reason for the call.

We recently published a **2026 HRIS comparison guide** showing the strengths and weaknesses of the major systems across payroll, onboarding and benefits.

I can email that to you — it's a quick reference many HR teams use when evaluating platforms.

>> (or this option for more engagement) "Many HR teams use this to narrow their vendor shortlist."

Can I send that over?

If yes:

Before I send it — quick question.

If your company were to evaluate an HRIS solution, would that likely be in the **next 6 months, next year, or further out?**

This question is **much clearer**.
